

**Department of the Army****Notice of Availability of the Final Environmental Impact Statement for the Disposal of Chemical Agents and Munitions Stored at Pine Bluff Arsenal, Arkansas****AGENCY:** Department of the Army, DoD.**ACTION:** Notice of availability.

**SUMMARY:** This announces the availability of the Final Environmental Impact Statement (FEIS) on the construction and operation of the proposed chemical agent demilitarization facility at Pine Bluff Arsenal, Arkansas. The proposed facility will be used to demilitarize all stockpile chemical agents and munitions currently stored at Pine Bluff Arsenal. The FEIS examines the potential impacts of on-site incineration, alternative sites within the Pine Bluff Arsenal, and the "no action" alternative. The "no action" alternative is considered to be a deferral of the demilitarization with continued storage of agents and munitions at Pine Bluff Arsenal.

**SUPPLEMENTARY INFORMATION:** In its Record of Decision (53 FR 5816, February 26, 1988) for the Final Programmatic Environmental Impact Statement on the Chemical Stockpile Disposal Program (CSDP), the Department of the Army selected on-site disposal by incineration at all eight chemical munition storage sites within the continental United States as the method by which it will destroy its lethal chemical stockpile. On March 29, 1989 (54 FR 12944-45), the Department of the Army published a Notice of Intent in the Federal Register which provided notice that, pursuant to the National Environmental Policy Act and implementing regulations, it would prepare a draft site-specific EIS for the Pine Bluff Arsenal. In 1995, the Department of the Army prepared a Draft EIS to assess the site-specific health and environmental impacts of on-site incineration of chemical agents and munitions stored at the Pine Bluff Arsenal. A Notice of Availability was published on June 9, 1995 (60 FR

30537), which provided notice that the Draft EIS was available for comment. Comments from the DEIS have been considered and responses are included in this Final EIS. After a 30-day waiting period the Army will publish a Record of Decision. Copies of the Final EIS may be obtained by writing to the following address: Program Manager for Chemical Demilitarization, ATTN: SFAE-CD-ME, Aberdeen Proving Ground, Maryland 21010-5401.

**ADDITIONAL INFORMATION:** The Environmental Protection Agency (EPA) will also publish a Notice of Availability for the Final EIS in the Federal Register.
